PROJECTS

Attendance Management System using Face Recognition :

- Developed an AI-powered attendance system using **face recognition** to automate attendance tracking. This project was completed as part of **AI: Transformative Learning** with TechSaksham, a joint CSR initiative by **Microsoft & SAP**, and earned a certification for the achievement.

Portfolio Website :

- Designed and developed a **visually appealing, blue-themed portfolio website** to showcase skills and projects. Focused on **responsiveness, interactivity, and user-friendly navigation** to enhance accessibility and engagement.

Product Landing Page :

- Designed and developed a responsive landing page for a smartwatch, incorporating interactive UI elements and an order form. Utilized **HTML, CSS, and JavaScript** to enhance user experience and engagement.
